## STOCKMEN OPPOSED TO TRANSFER OF FORESTS IN REORGANIZATION

### THEFT SUSPECT DIES IN CRASH

William Liddicoet Car Taken Saturday Night, Abandoned; 2nd Car In Fatal Wreck

The man who was killed in the wreck of a stolen car near Roseville early Sunday was identified in a Roseville morgue this afternoon as Jack MacDonald, aged about 27, of near Folsom.

Identification was made by Sheriff George M. Smith, who said he had seen MacDonald at Diamond Springs Saturday night and that this indicated he probably was the person who took the Liddicoet car. This belief was further strengthened by the fact that the road on which the Liddicoet car was found was a "back road," not likely to be known to anyone save those familiar with the area.

MacDonald evidently was killed when the car blew a tire and crashed into a power pole. He was fatally injured internally.

William Liddicoet's automobile was stolen and recovered over the weekend, and the man who is suspected of having stolen it lies nameless in a Roseville morgue.

Sheriff George M. Smith was at Roseville today in an attempt to identify the man, who was killed after he had stolen a second car and drove it head-on into a power pole near Roseville.

The Liddicoet machine was stolen from a parking lot at Diamond Springs Saturday night, where Mr. and Mrs. Liddicoet had left it when they went to the annual cattlemen's dance. (Continued on page 4)

### \$11,540 Suit For Damages

El Dorado Couple Plaintiffs In Action Brought Against Associated Oil Company

Mr. and Mrs. Nicolai Nielsen, of near El Dorado, are plaintiffs in a suit for \$11,540 damages filed against the Associated Oil Company, J. L. Barrett, two Doe defendants and one Doe corporation defendant. The action was on file Monday in Superior Court.

The complaint alleges that on June 19, 1937, on the Iron Mountain or Stonebreaker road, approximately one mile southeast of Sly Park, the defendant Barrett so negligently and carelessly operated a truck belonging to the oil company as to cause disorder in the herd of cattle which Mrs. Nielsen was supervising from horseback.

The result was, it is charged, that she was thrown from her mount, and kicked and trampled upon, receiving injuries for which she asks \$10,000 damages, together with \$540 to cover medical and surgical attention.

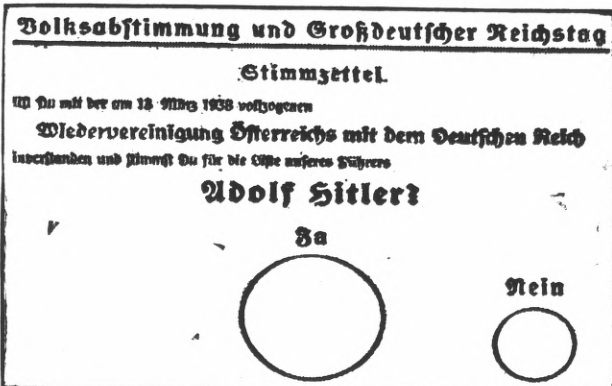

Nielsen, co-plaintiff, cites the above grounds in his claim for damages of \$1,000 additionally.

### Smith Flat Cemetery Clean-Up Sunday

The committee of trustees in charge of Smith Flat cemetery, under the chairmanship of Bert Carpenter, Sr., is making plans for a "work day" at the cemetery on Sunday, April 10.

It is proposed to meet at the plot about 9 o'clock in the morning and spend the forenoon completing work on fencing, installing a gate and in cleaning up the grounds. It is hoped that a sufficient number of persons interested may respond so that the work may be completed during the forenoon.

Ed Smith, Bert Young, Hulbert Horn and Sam Speers were among those who worshipped at Sacramento Sunday and we understand that Messrs. Young and Horn demonstrated their ability to pick winning baseball teams. Or perhaps Ed and Sam demonstrated their ability to pick losing teams.

**BIG YES; LITTLE NO**—This W.W. Radiophoto flashed from Berlin to New York shows the facsimile of the ballot to be used in the forthcoming plebiscite in Austria on April 10. Under the heading, "Plebiscite and Greater German Reichstag," it reads: "Do you approve to the reunification of Austria with Germany as accomplished on March 13, and do you vote for the list of our Führer Adolf Hitler?" The large circle, size of a half dollar, is for "Yes," and the dime-sized circle for "No." No opportunity is given to vote for the list of Reichstag Deputies.

### ANNUAL OLDER GIRLS' CONFERENCE PAYS TRIBUTE TO COUNTY HIGH SCHOOL

Janis Ball Elected Chairman For Ensuing Year As 14 Girls And Three Teachers From County Attend Fifteenth Annual Meeting

Janis Ball, daughter of Mr. and Mrs. Charles W. Ball, of Placerville, and a junior student at El Dorado County high school, was elected president of the Northern California Older Girls' Conference for the ensuing year at its fifteenth annual meeting over the weekend at Richardson Springs.

This is according to Betty Faugsted, publicity chairman for the Girls' League, who with twelve other pupils and three faculty members accompanied Miss Ball to the conference.

In addition to winning this distinction, E. C. H. S. participated in the conference in other ways:

Helen Smith took part in the poster contest; Helen Moran was a leader in a discussion group, and Jeanette Landis took part in the closing candle ceremony.

The conference is made up of girls from 46 schools in Northern California and delegates present total more than 500. Janis Ball was nominated for the chairmanship by Marilyn Rupley,

whose forceful and sincere nomination is reported as being in a measure responsible for the election of the El Dorado County candidate.

The entire delegation to the meeting included Janis Ball, Helen Moran, Isabel Long, Marilyn Rupley, Dorothy Oates, Barbara Smith, Betty Faugsted, Helen Bennett, Jacqueline Corker, Peggy Cooper, Doris Wudell, Jeanette Landis, Madelyn Vaughn, Miss Irene Anderson, Miss Elizabeth Harper and Mrs. C. Belle Swansborough.

All report great inspiration from the conference and mention the address of Mrs. Mary Blair Wallace, of Pasadena, as of particular interest because of Mrs. Wallace's apparent understanding of girls' and their problems, and her charming personality.

Janis Ball succeeds Clair Sandrock, of Roseville, who has been ably supported in her work as chairman during the past year by the 28 girls from her school.

### FLOWER SHOWS PLANNED FOR APRIL 23-24 WEEKEND

April's display of blossoms and wildflowers has begun to unfold in various localities and with favorable weather will soon be at its best to give added pleasure to springtime motor trips, according to the Touring Bureau of the California State Automobile Association. Further indication of the approach of the spring floral display is provided by the scheduling of several flower shows for the week-end of April 23 and 24.

Sacramento will hold its Spring Flower Show, presented by the Stockton Garden Club in National Guard Armory. Wildflowers of Santa Cruz County will be displayed in the community hall at Felton by the Valley Floray Club of San Lorenzo Valley.

### School Board Schedules Two Examinations

At a meeting of the county Board of Education on Saturday, preparations were made for examination in reading on May 5, and on the U. S. Constitution on May 12, for candidates for eighth grade graduation. The board will meet again on May 21 to certify the candidates for graduation.

Semi-annual meeting of the board is planned for June 20th.

### 50 Per Cent Water In Snow On Ice House

An average measurement of 75 inches of snow on Ice House Hill was found Sunday by Stanley Morris and Ralph Webster, in a visit to the district. They report water content averaged about 37 inches, or better than 50 per cent.

### Shucks, Fellers, Come On In, Say Nimrods

"Membership is in no way restricted; all we ask the members to do is to be sportsmen in their fishing and hunting; and a \$1 membership fee will admit anyone for a year's membership."

"Anyone who isn't a member can come to the dinner if they want to, and there will be plenty of opportunity for them to join up, if they want to, too."

Patterson said reservations indicate an attendance of about 100 at the meeting.

The impression seems to have gone about that the El Dorado Rod & Gun Club, which holds its annual dinner meeting at Hotel Raffles at 6:30 tonight, is a closed organization.

"We thought everybody knew that the Rod & Gun Club represents the sportsmen of El Dorado County," said President Dick Patterson Monday morning.

### Yosemite's Ice Cone Scaled

San Francisco Youths Climb 300-Foot Peak, Return In 60 Harrowing Minutes

YOSEMITE. (UP)—Braving blinding spray, falling ice and a torrential flow of water which threatened time and again to dash them to their deaths, three young San Franciscans yesterday successfully climbed the 300 foot ice cone at the base of upper Yosemite Falls.

It took the trio, Jack Reigelhuth, 20, Raffi Bedayan, 22, and William Hewlett, 24, only an hour to make the round trip to the crater at the apex of the cone, but it was a 60 minutes packed with thrills, they said.

Several times they were lost to view in the dense spray from the 1430 foot falls. They were forced to dig their ice axes into the cone and hold on desperately until winds changed the course of the water.

They were drenched to the skin before they had gone a hundred feet, and the wind picked up particles of ice which stung their faces incessantly during the time it took them to reach the crater.

The three youths, members of the Sierra Club, maintaining climbing gear, were roped together and advanced one at a time to keep their line taut. Warm weather during the past week softened the ice, enabling them to climb the precipitous cone by cutting hand holds.

### Placerville Woman Was At Oregon School

Hattie Conzelman of Placerville was one of the 177 California residents who attended summer sessions held in Oregon institutions of higher learning last year. Highest enrollment was at Oregon State College, Corvallis, where 105 Californians were registered.

According to announcement made by the Oregon State Board of Higher Education, summer sessions will be held in 1938 at the University of Oregon, Eugene, Oregon State College, Corvallis, the Portland Extension Center, Portland, the three normal schools at Monmouth, La Grande and Ashland, and the Institute of Marine Biology at Coos Head.

### April Council Meeting At City Hall Tonight

The regular April meeting of the city council will be held at the city hall at 7:30 o'clock this evening.

According to the City Clerk, aside from the city's routine business, it is expected the council may take some action on the amendment of the business licensing ordinance in regard to certain sections which some months ago were found to be unconstitutional.

Mr. and Mrs. Walter Clark were in town from Garden Valley on Monday.

## LEE SCHNEIDER NEW PRESIDENT SUCCEEDING ORRIN VAN VLECK

Mrs. B. C. Celio Named Secretary And L. C. Bamert, Of Clements, Is Elected Delegate To State Association; Lone And Folsom Man Chosen To Board of Directors

The Amador-El Dorado Livestock Association, a branch of the California Cattlemen's Association, at its annual meeting in Placerville Saturday went on record by resolution as being unalterably opposed to the transfer of the Forest Service from the Department of Agriculture.

Opposition to the transfer, which may be one of the results of the passage

### REORGANIZATION ACT AMENDMENT URGED

Coalition Leader Calls Upon President To Reinforce His Disavowal Of Dictatorship

WASHINGTON. (UP)—Rep. Samuel B. Pettengill, D. Ind., today called upon President Roosevelt to reinforce his disavowal of dictatorship ambitions by approving amendments to the pending government reorganization bill which would give congress the power to veto any changes in executive department agencies.

Pettengill, a leader of a house democratic-republican-insurgent coalition fighting the reorganization bill, urged the President to "put first things first" and put legislation to end business recession ahead of action on the reorganization measure.

He demanded public support of amendments to give congress final control of reorganization as the President returned from Warm Springs to take personal command of the right for the bill. Administration congressional leaders, after a white house conference on strategy last night, renewed their predictions of favorable house action on the bill.

### NAVY'S BIG GUN EXPERT RETIRES; GOES HOME TO SWEDEN

By CARROLL KENWORTHY United Press Staff Correspondent

WASHINGTON. (UP)—Carl F. Jenssen, big gun expert for the U. S. navy, has retired to his native Sweden after spending 49 years in this country, most of them devoted to building defense weapons.

Jenssen reportedly was the inventor of the powder type catapult gun for launching airplanes from battleships, and of gun used on disappearing gun carriages.

In recent years, his work has been so important that naval officials refused to talk about it publicly. They even held in confidence most of the records of his career at the time of his retirement, which became effective on April 1.

Navy officials admitted, however, that some time ago an official letter was sent to the President describing Jenssen as "the greatest living authority in his particular branch of the naval ordinance in the United States and probably in the entire world."

### COLOMA CENTER MEETING TONIGHT; CAMINO SESSION OFF

April series of Farm Center meetings in the county continues tonight with a meeting of the Coloma-Lotus-Gold Hill center at Coloma Community Hall.

In addition to the usual center business and the entertainment features, there will be a discussion of 4-H club demonstration teams, and plans for a tour of 4-H club projects of the vicinity will be considered.

Camino center has canceled its scheduled meeting for Tuesday night owing to the fact that the clubhouse is being remodeled and is not in a suitable condition for a meeting at this time.

Melvin Grigsby was arrested by city officers over the week-end at the Ivy Hotel on complaint of the management and is held for investigation.

### Woman Watched Double Murder

Authorities Seek Couple In Torture Slaying Of Mother, Daughter On Auto Tour

VAN HORN, Tex., Authorities said today that evidence at the scene of the murders of a society matron and her beautiful daughter indicated that a woman stood by and watched while her male companion, tortured, criminally attacked and stomped the victims.

The bodies of the victims, Mrs. Weston C. Frome, 46, and her daughter, Nancy, 22, were found last night just off the highway six miles east of here. The Fromes were on a leisurely motor trip from their home in Berkeley, to South Carolina.

Examination of the bodies in El Paso today and the stories of persons who witnessed strange happenings on the broad highway and the lanes leading off into the mesquite bush last Wednesday, when the women apparently were killed, furnished a sketchy outline of the story of brutal murder in this stern recent frontier country.

The motive for the attack was undetermined.

## WORK BOOMS

ST. LOUIS (UP)—National Labor Board hearings have resulted in a boom in employment for shorthand reporters here. One company reported it had been forced to import reporters to handle current cases. The Ford Motor hearing at its 60th day consisted of 3,000,000 words of testimony.

## DOING A THOROUGH JOB

## Help Needed

If El Dorado County is going to expect to share in the tourist business which is coming to California in 1939, it must prepare to do its proportion of the promotion which is intended to attract those visitors. This will not be a great burden.

Returns from the tourist trade represent dollars which are earned easier than any other income of the county and, like our fruit returns, our lumbering dollars and our mining money, they percolate through the entire community and help to lift the tone of local business.

The capital outlay, as compared with other industries, is nothing. Nature has provided the lure. All we need do is sweep off our door-step, tidy up the front room and invite the traveler to come in.

The Chamber of Commerce has named a committee whose duty it will be to co-operate, within reasonable bounds, with the San Francisco Bay Exposition and with Sacramento in its plans for a centennial celebration, contributing our share with other counties of the region toward the business of inviting and entertaining the visitors who will come to California during the exposition year.

This should be a community committee and will of course, require some financing.

The inauguration of an activity such as we have suggested, might be a proper activity for one of our local service clubs, or possibly for some other groups. We would like to see the Placerville Lions take the lead in promoting such a program.

If we make it a community activity we can spend a little money to attract a lot more money to the entire county, for the benefit of all.

## EXAMINATION "BONERS" BARED BY N. Y. STATE SCHOOL SYSTEM

ALBANY, N. Y., (AP)—Inspectors of the New York state department of education found many a chuckle in Regents examination answer papers, according to Dr. Warren W. Knox, director of the division of examinations and testing.

In checking the papers, inspectors found the following answers.

"Jefferson found a little verse in the Constitution whereby he could annex Louisiana."

"Before 1860 the Negro was cotton's closest friend."

"Cuba in Key West from Florida."

"The chief executive of the United States is the electric chair."

"To find the log of two-thirds, subtract the log of three from the log of two and find the monologue of the difference."

"The people, if allowed to choose the President directly, would perhaps nominate him because of his likeness to animals or some uncanny thing which might some time get a bad President, or then, on the other hand, a good President."

"A monitor is one who speaks in a monotone."

"Election is the taking of a vote to see whether the people want the nominee to hold the office or his opponent."

"Rousseau introduced the gelatine which was used to cut off the heads of many thousands of people."

"The American taxpayer is already overburdened with debts."

"At the primaries, numerous nominees are boiled down until one is selected."

"In Colonial days, it took one week

## PARADE OF SPORTS

By HENRY McLEMORE  
(United Press Staff Writer)

AUGUSTA, Ga. (AP)—The last time the rebel yell was officially sounded was back in the days when Pickett was charging. Sheridan was 20 miles away, and the family silver was buried back of the smoke house.

That was 73 years ago, when the oaks and elms and magnolias of this gentle old Southern city were shrouded in the smoke from Civil War muskets.

The rebel yell—a cry of triumph from Southern throats—may be revived here this week-end. Because Bobby Jones, next only to General John B. Gordon in the hearts of Georgians, is hitting that ball again; hitting it—and I speak as a Georgian now—as only Bobby can hit.

He moved around the beautiful but difficult course in 70, two strokes better than par and then in a final tune-up, the man with the honeyed swing swept effortlessly around the 18 holes in 69. Nothing sensational, mind you, because Jones when right is boringly mechanical. Down the middle with his drives, on the flag all the way with his approaches, and a putting stroke so sure and easy as to make the trickiest green a magic carpet.

I followed Bobby and the greatest improvement was in his putting. How different it was from his putting in the first masters' in 1934. That was his first competitive appearance in four years, and how he suffered on the greens. All the old confidence, all the old rhythm was gone. It was pathetic to watch him step up to a six-foot putt—he who only a few years before had made "Calamity Jane" a household word. He literally shook and his face went white under the pressure.

But now he is the Jones of old. Loose, easy, just a trifle carefree. As Jones' confidence returned, so did that of thousands of Georgians. He is their man and as word of his low scores spread, they started coming in. He

## LARSON NAMED CHAIRMAN FOR ENROLLMENT IN C. M. T. C.

B. E. Larson has been appointed the Military Training Camp Association Representative for El Dorado County. He will be in charge of the Association's activities in enrolling suitable young men for the 1938 Citizens' Military Training Camps.

"Citizens' Military Training Camps are doing exceedingly valuable work developing the young manhood of the nation, and in building and strengthening the character of our citizenship," according to Mr. Larson in commenting on his appointment. "I am happy to be chosen to offer this opportunity to the young men of our county. The training teaches teamwork and consideration of others. The outdoor sports and regular living are beneficial to the trainee mentally and morally as well as physically."

Three Citizens' Military Training Camps are to be held in California this summer. One at the Presidio of Monterey from July 8th to August 6th. One at Fort MacArthur from July 6th to August 4th. One colored camp at Fort MacArthur from August 9th to September 7th.

For information concerning the Citizens' Military Training Camps, write to the C. M. T. C. Enrollment Officer at either of the above army stations, or to the County Representative.

had far and away the biggest gallery, and if he can stay among the leaders for the first two days of the 1938 masters tournament, all Georgia will be here on Sunday to see him make his bid down the pay-off stretch of 36 holes.

And if he should win it, you won't have to get the results over the radio or in the newspapers. You'll hear it—in one rebel yell that will shake the ear drums of every pickaninny, cause white caps on the Sewanee River, and knock every boll weevil off every boll of cotton in the deep south.

## RETAILERS MUST DISPLAY BRAND ON APPLES FOR SALE

SACRAMENTO — The Bureau of Fruit and Vegetable Standardization, State Department of Agriculture, today called attention of retailers and consumers to recent legislation regarding markings required in connection with

terey from July 8th to August 6th. One at Fort MacArthur from July 6th to August 4th. One colored camp at Fort MacArthur from August 9th to September 7th.

For information concerning the Citizens' Military Training Camps, write to the C. M. T. C. Enrollment Officer at either of the above army stations, or to the County Representative.

the sale of fresh apples in California.

For the information of retailers who may not be informed concerning the laws, and for the guidance of consumers who may wish to know the quality of apples they buy, the Bureau emphasized that the law requires that all apples sold fresh must be clearly and conspicuously marked.

Formerly the law required that only those apples sold in boxes bear grade designations. The result was that when retailers placed apples on display counters it was not necessary to inform the buyer of the grade.

Under the new law, all apples must be marked and the Bureau urged that all consumers request information on placards concerning the apples offered for sale.

## WILD BIRD SHOW SET FOR APRIL 27-MAY 1 AT SAN FRANCISCO

SAN FRANCISCO—April 27 to May 1 are the dates for California's first wild bird and bantam exposition, to be held in Dreamland Auditorium. Over 100 varieties of wild bird life from all parts of the world will be shown, including the famous "chacalaca" bird from India, a mystery bird whose pedigree has never been satisfactorily determined.

L. S. Poisal of Hayward, one of the nation's leading wild bird importers and breeders, is president of the California Bantam and Wild Bird Club in charge of the exposition; John Praffis, of Hayward, general manager; George Bayless of Hayward, secretary; C. J. Glead and M. A. Fowler, of San Francisco, treasurer and judge respectively.

All officials are nationally known in the wild bird and bantam field.

The California Tourist and Convention Bureau and the Associated Sportsmen of California are extending their cooperation as well as the Fish and Game Development association and the California Fish and Game Association through an exhibit in charge of the Junior Game Patrol.

W. C. Bovee, Tehama County, reports sixty-four lambs born to thirty-seven Shropshire-Rambouillet cross-bred ewes.

### NOTICE OF HEARING OF PETITION TO LEASE PROPERTY No. 1851

In the Superior Court of the State of California, in and for the County of El Dorado.

In the Matter of the Estate of THOMAS A. MURRAY, Deceased.

Ann Elizabeth Hill, the Executrix of the Last Will and Testament of Thomas A. Murray, deceased, having filed herein her verified petition praying for an order to lease certain property of said estate, in said petition and heretofore described, and alleging that it will be for the advantage of said estate to lease said real property:

NOTICE IS HEREBY GIVEN to all persons interested in the estate of Thomas A. Murray, deceased, to appear before the said Superior Court, at the Courthouse in said County, on the 15th day of April, 1938, at 10 o'clock A. M., then and there to show cause, if any they have, why the real estate hereinafter described should not be leased by the Executrix of said estate for the period of five years upon a royalty basis of 15 per cent of the gross value of the gold and other minerals recovered therefrom, upon the terms and conditions mentioned in the lease accompanying and made a part of the petition of said Executrix, on file herein, to which petition reference is made for further particulars:

Said real estate is described as follows, to wit:

The Rocky Bar claim comprising the Lot two of Section twenty-five in Township nine north of Range twelve East of the Mount Diablo Meridian; and the Hewitt Extension claim comprising the west half of the northwest quarter of the northeast quarter of said Section twenty-five, also all that portion of Lot Three, Section Twenty-five, Township Nine north range twelve east, which lies north of the South wall of middle fork of Cosumnes river.

Dated April 1st, 1938.

## ORVILLE WRIGHT DAY OF TRIBUTE MAPPED BY HENRY FORD

DEARBORN, Mich. (UP)—On the invitation of Henry and Edsel Ford, more than 200 of the nation's leading figures in aeronautics will assemble here April 16th to pay tribute to Orville Wright, first man ever to fly an airplane.

The celebration, dedicating the newly restored group of Wright Buildings at Ford's Greenfield Village, will be in honor of Orville Wright and in memory of his brother Wilbur, who died in 1912. The date is the anniversary of the birth of Wilbur Wright.

Invitations have been extended to aviation executives, senior air pilots, aeronautical scientists, World War pilots, and ranking officers of the army, navy and marine corps.

## MAJOR PART OF LOANS MADE FOR HOME BUILDING

The Twelfth Federal Home Loan Bank District ranked third in new loans made by savings and loan associations during February, according to an annual summary made public by the Federal Home Loan Bank Board through M. M. Hurford, president of the Twelfth District Bank, serving California, Arizona, Nevada and Hawaii.

Federal savings and loan associations in this district made a total of \$1,789,736 in mortgage loans during the month of February. Of this amount, \$1,049,367—more than fifty-eight per cent—was used for the construction of homes, as compared with \$994,982 loaned for that purpose during January, 1938, and \$1,225,492 during February, 1937. The remainder of the loans made by 12th District Federals during February, 1938, were divided as follows: 14 per cent for refinancing, and 9 per cent for other purposes, Hurford stated.

## Robot Grades Papers For Professor

WICHITA, Kas. When the school day is over and the pupils at Central Intermediate School go home for the day, Carroll Joachim, vocational electricity teacher, goes home, too. Joachim isn't bogged down by the tedium of grading examination papers. He used his electrical talents to perfect a robot which grades the papers for him, thus saving him about eight hours of work each week.

Mitchell D. Siderius, one of the two defendants awaiting trial on April 20 on several counts of grand theft, posted an additional \$3,000 bail Saturday afternoon and gained release from the county jail.

## EASTER — and Housecleaning

and Pretty Garments Beautifully Cleaned!

These are the thoughts now in every housewife's mind.

## TUBERCULOSIS DEATHS IN STATE FAIL TO DECLINE

In announcing the opening of the 11th annual Early Diagnosis Campaign of the 61 local city and county tuberculosis associations throughout California, Dr. Philip H. Pierson, president of the California Tuberculosis Association, revealed that the estimated death rate for tuberculosis during 1936 shows no material decrease over the previous year.

"The actual number of deaths from tuberculosis in 1936, and the estimated number of deaths in 1937 are identical — 4618," Dr. Pierson stated. "However, when death rates based on 100,000 population are considered, a slight decrease is noted. This is due to the increase in population in California in the past year."

The mortality rate for tuberculosis in 1936 was 72 persons for every 100,000 living in this state; the mortality rate in 1937, according to an estimate based on the number of deaths during the first eight months, is 71 persons for every 100,000.

"The Early Diagnosis Campaign this month is designed especially to bring about a reduction in the death rate for tuberculosis during the present year," Dr. Pierson commented. "Tuberculosis control depends upon the discovery of spreading germs to others but which hidden cases of disease which are not receiving medical treatment. When tuberculosis is diagnosed early, the further spread of infection to others is prevented, and the cure of the existing case is easier and less costly."

Sheepmen of northern California report that their lambs are being carried off by eagles.

## Stockmen Oppose Reorganization

(Continued from page one)  
association directorate, E. T. Burris, of Ione, and Joseph Joerger, of Folsom.

In an executive session the board re-appointed Mrs. B. C. Celio as secretary.

The afternoon speaking program failed to present as varied a program as had been hoped for, and it was announced that the state and national presidents, and the secretary of the state woolgrowers' association, were unable to be present owing to the current strike among sheep shearers, which kept them busy in other sections of the state.

Speakers included John Curry, secretary of the California Cattlemen's Association; R. R. Lockhart, of the Bancamerica Agricultural Credit Association; Clyde Harris, of the state department of agriculture, Farm Advisor Ivan W. Lilley, Forest Supervisor Edwin F. Smith, and District Attorney Henry S. Lyon.

Arrangements for the semi-annual meeting, to be held at Ione in November, will be made by a committee including Mr. and Mrs. John Yager, Emmett Votaw and Mr. and Mrs. L. C. Bambert.

Resolutions passed by the association in addition to the one expressing opposition to the transfer of the Forest Service from the Department of Agriculture included:

Opposing importation of livestock or livestock products from any country having a foot-and-mouth infestation;  
Opposing any livestock processing tax;  
Opposing any "one-house" legislation;

Favoring the passage of the Mc-

Harold J. McCurry was up from Sacramento Monday for a luncheon meeting with the chamber of commerce committee on the San Francisco Fair. Mr. McCurry, former Sacramento postmaster, is a member of the San Francisco Exposition committee.

Mrs. Marion Homan, of San Diego, is filling a temporary civil service appointment as copyist at Eldorado Forest headquarters.

Mr. and Mrs. Don Thomsen returned Sunday evening to their home at Mill Valley, following a week-end visit here with relatives. They were accompanied as far as Sacramento by

THE COLORADO HILLBILLIES featuring Abner Wilder, as they will appear on the Empire stage in person and also on the screen the same night, April 5th, with Gene Autry, in "The Old Barn Dance." The famous and talented group will appear one day only at the Empire.

Carran livestock theft bill, now before Congress;

Favoring a sales tax and opposing a single tax;

Urging that the inspectors of Hide and Brand bureau be allowed to use red lights and sirens on state cars in cattle protection work; and,

Urging that in drafting a reciprocal trade treaty with Great Britain and the United Kingdom, there should be no reduction in tariff on livestock or livestock products.

The annual banquet was held at the Shakespeare Clubhouse in the evening. Mr. Sweetman, a Sacramento radio station announcer, served as master of ceremonies, assisted by George Wilson.

Appearance of a group of children from Imperial Dancing School, at Folsom. The entertainment featured the apsom.

The annual dance was held at Diamond Springs later in the evening.

## "Borrowed Blood" Keeps Boy Of 4 Alive

HAZEL PARK, Mich., (UP)—All the blood that runs through the veins of 4-year-old Earl Roberts, Jr., is borrowed. Death is only a matter of weeks, physicians admit.

The boy, it was disclosed today, has undergone 17 transfusions since Jan. 7. He is suffering from plastic anemia.

### NOTICE OF TRUSTEES' SALE

On Tuesday, the 26th day of April, 1938, at the hour of 11 o'clock A. M. of said day, at the front steps of the court house of the County of El Dorado, situate in the City of Placerville, County of El Dorado, State of California, ALBERT W. BLAIR and WALTER E. BLAIR, as trustees, will sell at public auction to the highest bidder, for cash in lawful money of the United States, the following described real property situate in the County of El Dorado, State of California, and more particularly described as follows:

COMMENCING at the quarter section corner on the South boundary of Section Thirty-three (33) Township Eleven (11) North of Range Ten (10) East, M. D. B. & M. and running thence North 7.40 chains to Sweeney's land, thence North 48 1/2° East 5.30 chains; thence North 6° East 9.21 chains to the North boundary of the South half of the Southeast quarter of said Sec. thirty-three (33); thence North 42 1/2° East 9.86 chains; thence South 76° East 8.35 chains; thence South 81 1/2° East 20.20 chains to the line between Sections thirty-three (33) and thirty-four (34); thence South 1.12 chains to a point 72 links North of the Southeast corner of the Northeast quarter of said Section thirty-three (33); thence South 73° East 1.64 chains; thence South 1° East 20.25 chains to the South boundary of Section thirty-four (34); thence East along the South boundary of section thirty-four (34) 29.50 chains to a point 4.15 chains West of the Northeast corner of Lot 2 in Section Three (3) Township Ten (10) North of Range Ten (10) East; thence South 20.14 chains; thence West to the quarter section line; thence North to the Northwest corner of the Southeast quarter of said Section Three (3); thence West to the line between Sections Three (3) and Four (4); thence North to the North boundary of Section Four (4); thence West to the place of beginning.

Said sale will be made to satisfy the obligations secured by and pursuant to the power of sale conferred in a certain deed of trust executed by OSCAR O. REEG and SADIE R. REEG, his wife, Grantors, to ALBERT W. BLAIR and WALTER E. BLAIR, Trustees, for the benefit and security of EARL M. BLAIR, dated July 2, 1931, and recorded July 3, 1931 in Book 4 of Trust Deeds, at page 445, El Dorado County Records.

Notice of breach of said obligation and election to sell said property was recorded in the office of the County Recorder of El Dorado County on December 31, 1935, in Book 146, page 464, of Official Records of El Dorado County, State of California.

Dated this 4th day of April, 1938.

ALBERT W. BLAIR, Trustee.  
WALTER E. BLAIR, Trustee.  
WOOLSEY & HUOVINEN  
Attorneys at Law  
1105 Easton Building,  
Oakland, California.

April 4-4W-A-25

## Theft Suspect Dies In Crash

(Continued from page one)

The keys were left in the car and it was no problem at all for the thief to get the car started and it was not discovered missing until a late hour, when Mr. and Mrs. Liddicoet sought to go home.

State highway officers and county authorities were notified of the theft and the Liddicoets went home, to learn Sunday that their car had been abandoned near the bridge across the American River between Fair Oaks and Citrus. It had run out of gas.

The circumstance that another car was stolen in the Fair Oaks district at an early hour Sunday morning leads officials to suspect that the man who stole the Liddicoet car is the man who stole the second car.

The second machine crashed into a power pole near Roseville, killing the driver.

The Liddicoet car was returned to Placerville by the insurance company on Sunday and was found to have suffered some slight damage, notably on the interior of the car, where various knobs had been knocked off. It was apparent, officials said, that whoever had taken the car had been drinking.

## Commons In Uproar As Two Members Clash

LONDON, (UP)—The House of Commons was thrown into an uproar today when Emanuel Shinwell, laborite, slapped commander Robert T. Bower, unionist, in the face. The incident was a prelude to a debate on foreign policy and laborite demands for a general election.

Indicative of the temper of the members of parliament, Shinwell, who had been speaking, suddenly stopper and walked across the house to where Bower was seated. He slapped him and then walked to the speaker claiming he had been grossly insulted.

## Rains General Tonight And Tomorrow

SAN FRANCISCO, (UP)—Rains fell generally throughout central and northern California today, and the U. S. Weather Bureau predicted further showers tonight and possibly tomorrow.

### STANDARD HIGH

SAN JOSE (UP)—California prune growers removed from the world's markets 10,000 tons of the 1937 prune crop that were not up to standard quality.

## MY KITCHEN WAS

by the GHOST of an old idea

The low monthly cost of electric cooking shooed a ghost right out of my kitchen and ended my old-fashioned belief that it was too expensive for me. I like my electric range so much better and especially...

The new quick heat of the modern speed units. Why, as quick as "scat," cooking heat floods forth as soon as a switch is flipped. Time and temperature controls on the oven, too, give me time to get out of doors. It is amazing how...

Kitchen work and time is saved. I never have to scour or polish my new electric range. Wipe it off with a damp cloth and the porcelain finish gleams like new.

Go modern and electrify the kitchen. Electric cooking is fast—workless—clean. And, of course, I put in an electric water heater. I saved money by doing that because now my kitchen electricity is on the very low 1 1/2 watt hour rate.

See the new ELECTRIC RANGES today
